

HORACE MANN Workshops

Solve the retirement planning puzzle

Whether your retirement is 20 years or 20 months away, it's important to understand the **Employees' Retirement System of RI** and how it works with other pieces of the retirement puzzle, such as Social Security, supplemental savings and other investments.

This workshop provides important information about:

- How your retirement benefit is calculated
- Vesting
- Creditable service
- Regular and early retirement
- Much more

Horace Mann representatives have extensive knowledge about how your ERSRI plan can fit into your overall retirement strategy. Please join us at one of the workshops we are offering.
