

NEA RHODE ISLAND

MENTAL HEALTH SUMMIT

CREATING SAFE SPACES FOR THE MODERN EDUCATOR

Together, we will explore key challenges in today's classrooms, including racial and social justice, LGBTQ+ issues, immigration concerns, and more.

We will examine how these issues impact students, educators, and school communities, highlighting both the challenges and opportunities for meaningful change.

Through discussion, resources, and real-world examples, we aim to foster inclusive and supportive learning environments for all.
